

Report Gallery

CardioLog ships with a complete collection of reports ready for you to use to learn more about your SharePoint website and how people interact with it. We have organized each set of reports into subcategories to make it easier to navigate, edit and analyze the information about your website relevant to you. These groups include:

- [Page Views](#)
- [Visitors](#)
- [Navigation](#)
- [Onsite Search](#)
- [Portal Growth](#)
- [Goals](#)
- [Traffic Sources](#)
- [Social Networks](#) with native integration for [Sitrion](#) or [Yammer](#)
- [Videos](#)
